

To Whom it may concern,

I am writing this testimonial to show my appreciation to Mr. David Asser. I am so grateful to him for all the effort he put into my case.

My case was taking many years. I believe in doing everything correctly and legally and because of this reason I had more problems.

I had a lawyer before Mr. Asser who finally told to me that she couldn't help me because she didn't understand the letter that was sent to me by the USCIS office. She handed me the large box that contained my files and told me that she couldn't help me.

Mr. Asser came highly recommended by one of my friends. At first I didn't know if Mr. Asser would take my case since it was so complicated but he didn't let me down. Even when he told me that he hadn't handled a case such as mine I had more faith in him than the Lawyer before him.

He took the time to research the case and was very open as well as welcoming, he responded to my e-mails and phone calls on time and in a very professional manner.

The best part was, not only was he able to get me an interview with an officer at the USCIS office within a few weeks of me handing over the case to him, he went with me to the interview. I was shocked and very grateful.

He is an amazing lawyer and the fact that he knows the law by the back of his hand is something to be admired.

I will always be grateful to Mr. Asser for helping me with my case and I highly recommend him to anyone who has issues with the immigration process.

He came through for me and I am 110% sure he will do the same for anyone who is in need of his help.
